and what have you

by BOB CRAIG

We should all be extremely pleased that one of Hamlin's former students and citizens has enough faith in our future here to make the huge investment in our city as Mrs. George Kinney and her husband have made in their shopping center on West Lake Drive.

They have brought to Hamlin a coin operated laundry and dry cleaning plant as modern as any that can be found anywhere.

This business venture took a great deal of faith that Hamlin would not only hold its own in the years to come as a trade center but would also continue to grow.

Mrs. Kinney is the former Doris Pope, daughter of Bowen Pope, of Hamlin, former editor and publisher of this paper.

This column would like to extend our best wishes along with the rest of Hamlin to the Kinney's Coin Clean Center and to Mr. and Mrs. Bill Early who have opened Bill's Minit Mart.

In talking to one of Hamlin's businessmen the other day he pointed out how much it would help the business district if more of the downtown store fronts were given a fresh coat of paint.

He feels that the paint would be a cheap investment for the extra business that would come to Hamlin if the town would present a better front. He believes this so strong that he says he will donate \$100 if some organization like the Jaycees would put on a drive to furnish the paint if the store owner would put it on.

There is no getting around it, people like to trade in a place that is attractive and clean. Many of the downtown merchants have painted their store fronts within the past year or so but until their neighbors fix up too it doesn't have the full effect that it should.

Although my wife and I did not come back to Hamlin Friday night after the ballgame because we went to Waco for the State Jaycee Fall Board Meeting, I hear that those who did are desiring of phrase for their safe and courteous driving on the way home.

This is real fine because our little city is having a hard time trying to grow and we don't have any extra citizens to lose in traffic accidents.

It was very heart warming to hear of the support coming from all over the nation to the Jaycee's "Assistance In Disaster" project while at the Jaycee Board Meet in Waco. Reports came in all of the time we were there of truck and plane loads of clothing and goods being shipped to the Jaycee clubs along the coast for distribution to those in need.

Since the local Jaycees have adopted Matagorda to aid in this emergency it is hoped that the people of Hamlin will respond with anything that they can spare.

Because of the critical situation on the coast it will be necessary for the drive for AID to be completed in one night and shipped out this week end.

If you have something you wish to give, please either put it on your porch or leave your porch light on so that the Jaycees will know to stop at your house.

Scouts Plan Camp Out Saturday

A camp and cook out is planned for all boys of Troop 43 and boys 11 to 14 years of age who are interested in scouting at the Boy Scout cabin on West Lake for Saturday and night.

Boys interested should bring bedding, cooking gear and their father if he can make it.

GRAND OPENING THIS WEEK—Hamlin's new shopping center, located on West Lake Drive, will observe open house this week end. The Coin Clean Center, a modern coin operated laundry and dry cleaning plant, will hold open house Friday and Saturday

and Bill's Minit Mart, a completely stocked food store, will start their opening on Thursday. Both firms have a host of gifts for those attending the opening and will hold drawings for prizes Saturday.

New Shopping Center Holding Open House

Grand opening festivities of Hamlin's newest shopping center are set for this week end with the Coin Clean Center, a coin operated laundry and dry cleaning service, to celebrate Friday and Saturday and Bill's Minit Mart, a complete self-service grocery store, to hold their opening Thursday through Saturday.

The shopping center is located on West Lake Drive and employs full use of color in its decorating scheme. The Coin Clean Center uses red, black and white for a striking contrast effect and Bill's Minit Mart is pale green highlighted with darker green and pink.

Both firms have been in operation for about two weeks. The shopping center is completely air conditioned and has a huge paved parking area.

The building and the Coin Clean Center are owned by Mr. and Mrs. George Kinney of Stamford. Mrs. Kinney is in the coin operated laundry business in Stamford and was one of the pioneers in this field, starting in 1948. Kinney and his father, J. H. Kinney own Kinney Funeral Home in Stamford. Mr. and Mrs. C. B. Williams of Hamlin are serving as plant managers.

Mr. and Mrs. Bill Early own and operate the modern grocery store. The store is open from 7 a.m. until 9 p.m. on week days and from 12 p.m. until 6 p.m. on Sundays. The market, fresh produce and a well stocked grocery department. Early was formerly with Safeway Stores, serving as butcher in their local store.

The laundry is equipped with two RCA Dry Cleaners, 20 commercial Speed Queen washers, one 25 pound Speed Queen washer, a Bock Extractor and 10 large dryers.

For their open house the Coin Clean Center is serving free Cokes, and giving a free load of dry cleaning to everyone and is offering free clothes drying with each wash during their opening. Fourteen prizes will be given away Saturday night to those registering during the opening.

The prizes to be awarded are: 50 piece set of stainless steel table ware, Sunbeam steam iron, Emerson table model radio, bedspread, pole hassock, blanket, corduroy pillow cover and plastic laundry basket, plastic garment bag, corduroy pillow cover and plastic laundry basket, Is it not necessary, Pat Perrin; treasurer, Sandra Payne; librarian, Linda Nic-Bill's Minit Mart is offering: free cup cakes to the first 500 customers, free Gandy's ice and Mike Brown; bulletin cream cone samples to every-board committee, Charlie Bis-one and free balloons for the kids. They will hold a draw- ing Saturday at 3 p.m. for 12 baskets of groceries.

Thomas E. Cudd New Church of Christ Minister

Thomas E. Cudd assumed the duties as minister of the Church of Christ Sunday as he conducted his first services here.

He comes to Hamlin following almost five years service with the Fourteenth and Main Church of Christ in Big Spring. A native of Wilson, Oklahoma, Cudd attended Freed-Hardman College in Henderson, Tennessee.

Prior to moving to Big Spring he was minister to the Central Church of Christ in Colorado Springs, Colorado for five and one half years.

Mr. and Mrs. Cudd are at home at 25 S. W. Avenue A. They have two children and one grandchild. Their son and family, Mr. and Mrs. Tim Cudd, reside in Big Spring where he is associated with Cosden Petroleum Company. Jane Ellen, their daughter, is a sophomore, at Lubbock Christian College where she plans a music education major.

The project of the club this year will be fund raising for the Carla disaster relief.

Pipers to Meet Area's Top Scorer Friday at Rotan

The Hamlin Pied Pipers will face the top scorer in the area Friday night when they journey to Rotan to try to stop the Yellowhammers' Donald Goodrum, according to the figures kept by the Abilene Reporter - News. Goodrum has scored seven touchdowns and two extra points this season for a total of 44 points.

He is rated by the Piper coaching staff as being a very fine open field runner. The coaches rate David Baugh, 165 pound fullback, as the outstanding boy on the Yellowhammer squad this year. He is a hard runner, a good blocker, a top pass receiver and the best defensive boy on the team, from his linebacker post.

Ballhandler for the Yellowhammers is 152-pound Herron who is a good passer and ball handler. Top lineman is 188-pound left tackle Shipp.

The Rotan squad likes to

run wide and the Piper coaching staff has spent a great deal of practice time this week in an effort to meet this threat.

While the Pipers were defeating Merkel last week, 38-

14, the Yellowhammers were crushing Slaton, 35-0.

There will not be any reserve seats available for the 8 p.m. contest in the Yellowhammer stadium Friday night. Hamlin fans will set on the west side.

B. V. Newberry, principal, announces this week that there were still some season tickets available for the remaining three Piper home games. The three reserve seats tickets if bought together are \$3.50.

Dr. W. C. Hambrick, optometrist and regional director for the Texas Safety Association, spoke to the Hamlin Jaycees on safety at their noon luncheon Thursday.

He pointed out that the safest place you can be normally is on the job and that next to being in your car the home is the most dangerous place from the standpoint of accidents.

Hambrick was introduced by Jerry Howard who was in charge of the program.

Everett Beavers To Speak to Exes

Everett Beavers, Jones County Superintendent of Schools, will be the guest speaker at the Saturday morning program of the seventh annual Homecoming for ex-students of the Hamlin Schools. Beavers is a 1928 graduate of Hamlin High School.

The registration headquarters for the event which will be held October 6 and 7 have been moved to the office of James Rodgers, Certified Public Accountant, in the one hundred block of South Central. Rodgers is a 1947 graduate of Hamlin High School.

Coffee and cookies will be served there by the B & PW a coin operated laundry and Club on both days.

All local exes are asked to register early and purchase tickets for the Saturday noon Barbecue, to be served in the High School Gym by Underwood's of Abilene. Barbecue tickets will be \$1.50 and the registration fee is \$1.00. Funds from the registration will cover expenses of the 1825 cards which were mailed, name tags, cost of printing tickets, and roses and crown for the ex-student queen.

Students who attended school at Carlton, Plasterco, Neinda, Flat-Top, Swedonia, Wise Chapel, Hittson, Boyd Chapel or Dovie are considered exes of Hamlin since through the years these schools have consolidated to form the Hamlin Independent School District.

Officers of the Ex-Student Association are president, Brad Rowland; first vice president,

Guy Weaver; second vice president, James Wright, replacing Jon Adams, who moved from Hamlin this summer; treasurer, Mrs. Brad Rowland; and secretaries, Mrs. Jack Wicker and Mrs. Jack Vaughan.

Mrs. L. C. Bond is chairman for the Coffee following the Hamlin-Childress football game Friday night and Mrs. Jack Owens will be responsible for the decorations.

Mrs. Joe Ford is chairman

of the committee in charge of decorations and displays downtown and Mrs. Clifford Reynolds Sr. is gift committee chairman. Gifts will be presented to exes who travel the greatest distance, who have the most members of their family present, and who have the largest number of children.

Weldon Johnson will head the nominations committee to present names for officers for next year.

JCs to Hold Drive Tonight at 7:30

The Hamlin Jaycees will conduct a city-wide Porchlight Pickup campaign from 7:30 to 9:30 Thursday night as their part in Texas Junior Chamber of Commerce Project A. I. D. This is the state Jaycee's project for assistance to hurricane Carla victims and will be handled through Jaycee clubs along the coast.

The local Jaycees will pick up non-perishable food, clean-wearable clothing, bedding and funds to be shipped to Matagorda, the town adopted by the local organization. Those desiring to give to this drive are urged to either place the items on their front porches or leave their porch light on.

Charles Absher, local president, announced that the items collected will be shipped to Corpus Christi for the Jaycees there to distribute to those in need at Matagorda. He added that this city took the full brunt of the hurricane and they will need all of the help the citizens of Hamlin can give them.

This project of "Assistance in Disaster" is being sponsored by the Houston Jaycees with the endorsement of the Texas Jaycees and is being supported by the Jaycee clubs of Texas and of the nation with help already coming in from several states.

NEW WHEAT PROGRAM MAY EFFECT SOME SMALL PRODUCERS

Some small wheat producers who have grown less than 15 acres of wheat in the past 3 years may be subject to marketing quotas—and penalties—under provisions of the wheat stabilization program for 1962, according to Noel Weaver, Chairman, Jones County Agricultural Stabilization and Conservation Committee.

Under previous programs, farms that had less than 15 acres of wheat, or farms that did not produce more than 200 bushels of wheat annually, were not subject to marketing quotas even though they had allotments of 15 acres or less. The 200 bushel exemption has been repealed, and the 15-acre exemption is no longer applicable under the new program.

For 1962, the marketing quota exemption for those who planted 15 acres of wheat during any one of the 3 years 1959, 1960, or 1961, and whose allotment is less than 13.5 acres, will be reduced to 13.5 acres. Exemption for growers who planted less than 13.5 acres of wheat will be the highest planted acreage in any one of these 3 years if the 1962 allotment is less than such highest acreage.

In addition to these quota

requirements, some small producers may also be subject to marketing quota penalties under certain conditions, Weaver pointed out. For example, farmers who have not grown wheat in any one of the past 3 years and who grow wheat for harvest without an allotment in 1962 will be subject to market quota penalties on the entire production.

Another group of producers who will also be subject to marketing quota penalties are those who have grown 13.5 acres or more in one of the 3 years, 1959, 1960, or 1961 and whose allotments for 1962 are 13.5 acres or less and who grow for harvest more than 13.5 acres in 1962.

Penalties may also apply to small producers who exceed their 1962 allotment when that allotment is greater than the acreage planted for harvest in any one of the years 1959, 1960, or 1961.

On farms where there is excess wheat acreage, the amount of wheat subject to a marketing quota penalty would be twice the normal yield of the excess acres multiplied by 65 per cent of the May, 1962, parity price for wheat. Downward adjustment in this determination may be made if the producer exceeds the exemption, the penalty is figured from the allotment rather than the exemption.

Approximately two-thirds of wheat producers in the United States grow less than 15 acres of wheat, yet these small producers raise about one-sixth of all wheat grown in this country, Weaver explained. By reducing the wheat marketing quota exemption, these growers now have an opportunity to make a greater contribution in the national effort to bring wheat supplies more nearly in line with demand.

This Is One Load That's All Profit

40 Years Ago--

Sunday morning just as the "few" were assembling for Sunday School work, the shrill cry of the fire alarm was heard. A full grown smoke was seen rising out of the servant house at the home of ex-mayor John C. Turner. The fire department as usual was "Johnny on the Spot" and the blaze was stopped, but not till all the belongings of Charlie, the shine boy for the Imperial, had been destroyed. Now Charlie is a newly married fellow and to get all his "housekeeping" goods and clothes burned is quite hard on him—but he says he will have to shine'em sure enough now. This hard luck is only one more lesson—watch the oil stoves . . . When people begin a thing with a spirit of success and show nothing but a look of determination to put a good thing over, it seldom fails. "Success" has been growing on the faces of Hamlin people and Hamlin teachers as the time neared for the opening of the public school. And why not? A successful term of school is the only thing that a good people should be contented with, and to have that they realize that the only way is by adopting the "Attitude of Success."

GOLD BOND STAMP CATALOG HAS NEW SECTION FOR MEN

Women, make room! Men and children like trading stamps too. According to the Trading Stamp Institute of America, this year has seen an even greater growth in interest in trading stamp merchandise on the part of men and children the country over.

Recognizing this trend, an international trading stamp company has introduced in its new catalog special sections of appeal to men and children, and in addition, has expanded its lines of gift items in these categories by a substantial percent.

Gold Bond Stamp Company announced today that it is releasing its new gift book in parts of Texas beginning September 18. The catalog will be available at all Safeway Stores here, said Gordon Pearson, Dallas Division Manager of the trading stamp firm.

The new Gold Bond book is the first trading stamp catalog to have a special insert section of toys and sections of special appeal to men and to the women who shop for them.

Home furnishing items in the book have been increased by 40 per cent, Pearson pointed out. This increase was due to the fact that more than one and a fourth million new homes are being built each year and 24 per cent of the country's population moves each year.

Catalog merchandisers have increased sporting and outdoor living items by 30 per cent.

"Supplying sports enthusiasts with equipment has become one of the country's biggest industries, more than two and a half billion dollars a year," Pearson said. "And of course shorter hours, plus a shorter work week, gives the average person more free time than a generation ago—about 1,500 hours more in fact."

For the first time Gold Bond is offering Pan American airline tours to Europe and South America.

The book was designed by Whitaker Guernsey, a Chicago art studio and was printed by R. R. Donnelly & Sons Company, Chicago.

CHEVROLET INTRODUCES NEW DIESEL TRUCK LINE FOR 1962

Introduction of diesel power in medium- and heavy-duty models, two new larger displacement engines, broader power team options across the line, lower hood lines for improved driver visibility, and extra heavy-duty optional front suspensions highlight the 1962 Chevrolet truck line.

Other features include restyled radiator grille to include single 8-inch headlamps in all but three series, optional alternating current generators on gasoline models, and directional signals as standard equipment on all but one series.

Extended life mufflers are offered on all gasoline powered models. In the light-duty series, an aluminum shell inhibits corrosion. Medium- and heavy-duty model mufflers feature heavier gauge baffles for increased life.

"This new line of 198 different models offers our cus-

tomers the widest choice of trucks in our history," James E. Conlan, Chevrolet's assistant general sales manager for trucks, announced. "The need for more models designed for specific hauling jobs is typified by our entry into the growing diesel market in the medium- and heavy-duty field with 15 new models."

Engines available for the first time in the 1962 Chevrolet truck line include one General Motors diesel—a 212 cu. in. in-line four,—and two gasoline V-8's of 327 and 409 cu. in. displacement. Four six-cylinder engines and two V-8's are continued for a total of nine power plants. A 261 cu. in. six is being made available for the first time as a regular option in light- and medium-duty trucks with manual transmissions, except forward control models.

Suspension systems for 1962 largely carry over the successful design introduced two years ago, featuring independent front wheel suspension with torsion bar springing. Minor modifications have been made for increased durability and capacity.

For extreme off-road operations, two new extra-heavy duty optional I-beam 9,000 and 11,000 lb. front suspensions with leaf springs are available for most models in Chevrolet's heaviest-duty series.

The Corvair 95 line features further refinements in the advanced design introduced last year. These include automatic choke, an optional limited-slip differential, redesigned double side-door locking mechanisms in panel models for easier operation and convenience of the driver, and an optional single passenger seat which folds forward for easier access to the panel load compartment.

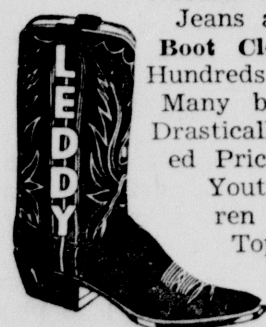

The diesel lineup consists of 15 conventional cab models on 5 wheelbases ranging from 133 to 197 inches with cab/axle dimensions from 60 to 124 inches. GVW range is from 15,000 to 23,000 lbs.

Diesel power is supplied by the four-cylinder, 2-cycle, GM "4-53" engine proved by millions of miles of customer experience. It develops 130 hp. and 271 lb.-ft. of torque. With a high ratio of horsepower to weight, size, and displacement, it offers lower fuel costs, long life, and reduced maintenance and downtime. An alternating current generator is standard equipment.

We had no sports car, low and sleek. To drive to school five days a week; No station wagon called for us. In fact we rarely rode the bus; But new efficient schools are not complete without a parking lot. And all our children take great pride in learning how to read and ride.

One thing can be said for backseat drivers: they never lose control of the car.

NEINDA PHILOSOPHER TAKES EXCEPTION TO CLAIM FARMER HAS NO RIGHT TO ADVISE PRESIDENT

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 seems to be standing up for his rights this week, part of the way, at least.

Dear editor:
One thing about newspapers, you can be reading along on one, not taxing your mind much and enjoying the fact so many people went to so much trouble to round up news from all over for you and deliver it to you in one handy package, without you even stirring off your farm, and then something will jump out of an article at you.

Like what happened to me yesterday. I was reading about an interview some reporters had with Ex-President Harry Truman, and along in the middle of it this jumped at me:

"Mr. Truman declined to make specific comment on the conduct of American foreign affairs, saying, 'No retired farmer from Missouri, like myself, has any business telling the President what to do.'"

Thunderation. Maybe ex-Presidents haven't got any right to tell the President what to do, but if a farmer, retired or active, hasn't got the right, there sure are a lot of them subject to arrest.

Telling the President what he ought to do, and especially telling him what he should have done after it's happened and you've got the advantage of hind-sight, is a fundamen-

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

How Use of Water May END YOUR CONSTIPATION WORRIES

As you grow older, your system begins to dry out. This is true of your digestive system, and it may lead to constipation. SERUTAN, taken daily with plenty of water, produces a smooth gel that provides the proper moisture, bulk and peristaltic stimulation to help end your constipation worries. SERUTAN is the all-vegetable laxative aid that moistens hard, dry food wastes and forms it for easy, regular elimination. SERUTAN is entirely different from harsh chemical pills, salts, bran or oils. Take SERUTAN daily with water and enjoy regular elimination or your money back.

Pipers Drop Merkel, 38-14

Scoring in the air and on the ground, the Pipers tallied all four quarters to crush the Badger Badgers, 38-14, Friday night on the Badger's home field. The Piper air and ground attack shared equally in amassing the six Hamlin scores.

The Pipers scored their first extra point of the season Friday night, kicking the one pointer from the eight yard line after being penalized for offsidess.

Top ground gainer for the night was Merkel's fast tailback Roger Moore who carried the ball 28 times for 159 yards. Fullback Frankie Lee led the Piper chargers with 98 yards in 13 assignments. He was followed by halfback Van Newberry with nine carries for 39 yards. His brother Dan got the ball 7 times and picked up 28 yards and fullback Rayford Williams carried six times for 24 yards.

Quarterback Stanley Austin passed eight times for four completions and 117 yards and Van completed two times for 31 yards in five attempts.

The Pipers took an early lead on a 67 yard pass and run play from Austin to end Robert Woodruff on the third play of the game. Woodruff pulled the pass in on about the 50 yard line and raced over the goal with 55 seconds gone in the ballgame. The try for two points failed.

After the kick the Badgers failed to make a first and punted 39 yards from their own 33. The Pipers drove the 70 yards to pay dirt in 13 plays with Lee, Van, Dan and Austin each sharing in the rushing department. The big play of the drive was a fourth and eight situation on the Badger 47 yard line with Austin connecting with Woodruff for 17 yards to the 30. Austin climaxed the drive with an eight yard quarterback sneak. The try after failed and Hamlin lead, 12-0.

Following the kick, Merkel opened a drive on their own 28 yard line with Moore picking up 33 of the 72 yards and Dan Parmely going in to score from four yards out. Moore carried over for the extra two points.

Van returned the kick off to his 32 from where Hamlin started his next drive. Lee gained 44 yards in seven plays, with Van and Dan picking up the additional yardage needed for the scoring drive. Lee went over his left guard for the final two yards and the tally. The try for the points

after failed and Hamlin lead, 18-8.

In the closing moments of the second half the Pipers launched a 55 yard scoring drive with end Jimmy Cooper taking a 23 yard pass from

Austin and Lee driving 22 yards to the Badger 10. Austin connected with Cooper again for the score. Hamlin was offsidess on the point after try and Cooper was forced to kick from eight yards out.

PIPER PATTERN...

By SANDRA SMITH

The Ex-Students' Association is eagerly awaiting October 6 when Hamlin's seventh annual homecoming will be held, but there are four high school girls who look forward to that day with great anticipation, also. On that day one of those pretty senior girls will be crowned Homecoming Queen for 1961.

The four nominees are Miss Linda Bingham, Miss Leona Brinegar, Miss Nancy Carter and Miss Laverne Williams.

hhs- Nine flaming candles stood on the table and sitting in a semi-circle behind the table were nine beaming faces. What did the candles and the faces represent? They represented the newly installed officers of the Hamlin Chapter, Texas Association of Future Homemakers of America.

Janice Richardson, past vice-president of the chapter, installed the following officers: president, Mary Smith; vice-president, Sandra Jayroe; secretary-treasurer, Anna Adams; public relations officer, Sue Johnson; parliamentarian, Sandra Smith; historian, Lou Ann Hawkins; song leader, Sunny Teague; pianist, Judy Fitzgerald; and sergeant-at-arms, Phyllis Scarborough.

The new officers with Mary Smith presiding presented the initiation ceremony for new members. Each new member received an F. H. A. pin.

hhs- The 1962 edition of The Piper, the Hamlin High School annual, will go on sale Monday, September 25. All students wishing an annual should see Lou Ann Hawkins, and the faculty may purchase their annual from Jimmy Inzer.

The deadline for buying an annual will be October 6. The class purchasing the largest percent of annuals will make their nominee the Piper Queen.

hhs- Only ninety-five more days until Christmas, so don't delay in ordering your Christmas cards from a senior.

All the classes in Hamlin High School have been organized and the following officers have been elected:

Seniors: president Neal Branscum; vice president, Robert Woodruff; secretary, Linda Bingham; treasurer, Mary Smith; reporter, Sandra Smith; advisors, Mrs. Joe Wayne Carter, Mrs. Everett Gibson and Milburn Wink; class mothers, Mrs. Paul Cooper, Mrs. Benny Ford and Mrs. Buford Bigham; colors, green and white; flower, white rose; Piper Queen nominee, Laverne Williams; favorites, Leona Brinegar and Jerry Smith; Ladies-in-Waiting, Dixie Daniels and Velta Hastings; Carnival King and Queen nominees, Thersia Carlan and Bill Richey; Carnival Ladies-in-Waiting, Dixie Daniels and Janice Wilgus.

Juniors: president, Mark Smith; vice president, Barry Moore; secretary, Mary Debs Rountree; treasurer, Charlotte Burleson; reporter, Penny Ford; advisors, Mrs. Charles Scott, Mrs. Dewey Nunley and Harold Williams; class mothers, Mrs. Delbert Rountree, Mrs. O. H. Weaver and Mrs. M. S. Smith; colors, lavender and white; flower, orchid; Piper Queen nominee, Kay Johnson; favorites, Penny Ford and Andy French; Ladies-in-Waiting, Margaret Maberry and Mary Debs Rountree; Carnival King and Queen nominees, Dan Newberry and Charlotte Burleson; Carnival Ladies-in-Waiting, Sandra Jayroe and Joyce Bingham.

Sophomores: president, Freddie Shave; vice president, Jimmy Inzer; secretary, Pam Smith; treasurer, Phyllis Scarborough; reporter, Ronnie Sipe; advisors, Coach Sherrill Bottoms and Coach Walker; class mothers, Mrs. Phil Smith and Mrs. C. L. Howard; colors, white; flower, carnation; Piper Queen nominee, Anna Adams; favorites, Joyce Smith and Jeff Willis; Ladies-in-Waiting, Jean Wells and Can-

With fourth and 23, Cooper punted 44 yards and Merkel fumbled with Lee recovering on the Badger 12. After losing five yards on a penalty, Van passed from the halfback position to Dan for the 17 yard scoring play. Again Cooper's kick was good and Hamlin now led, 32-8.

Hamlin's next scoring was set up by Berry Moore who blocked a Badger punt and covered the ball on the Merkel 32. Williams carried five times for 20 yards, Van carried twice for seven yards and after Merkel was penalized three yards (half the distance of the field) Williams scored from four yards out. Cooper's kick was no good and the score stood at Hamlin 38 and Merkel 8.

Recovering a Piper fumble on the Hamlin 35, Merkel opened up a scoring drive with Quarterback Charles Russell and Moore getting the necessary yardage. Moore marked up the six points with a one yard plunge over the middle. The points after try failed and the ballgame ended Hamlin 38 and Merkel 14.

RULES AND REGULATIONS FOR NEW FARM TRAILER LICENSE

The last regular session of the Texas Legislature amended the Texas Motor Vehicle Registration Law to allow farmers to license their farm trailers and farm semi-trailers for a five dollar fee providing the gross weight is not less than 4,000 or more than 10,000 pounds. Farm trailers weighing less than 4,000 pounds gross weight, are still exempt from registration by statute. Those exceeding 10,000 pounds, gross weight, must register as a regular commercial trailer.

Captain C. W. Bell, License and Weight Service of the Department of Public Safety advised however that any vehicle bearing the five dollar plate must not: (1) exceed 30 MPH, (2) be operated for hire, (3) have steel or metal wheels in contact with the pavement and it must be equipped with an adequate hitch to remain secure to the towing vehicle and be operated and equipped in conformity with all other provisions of the law. Violation of any of the above sections of the law nullifies the five dollar registration fees and pen-

This does not change the existing law which requires that all trailers or semi-trailers having a registered or gross weight in excess of 3,000 pounds to be equipped with clearance lamps, side marker lamps, and reflectors as well as a tail light and stop light, if the stop light on the towing vehicle is obscured. Captain Bell further stated that all machinery type vehicles, other than machinery used solely for the purpose of drilling water wells and road construction machinery, must be registered with regular license plates and title applied for.

Water well drilling units and road construction and maintenance equipment are required to have either the five dollar license plate or a regular registration plate, depending upon how the equipment is used.

McCAULLEY NEWS--

By DIXIE BOYD

The McCaulley H. D. Club got off to a good start on our fall meetings. Club met with president, Mrs. T. H. Boyd and program was given by Council delegates of Fisher County on the Texas Home Demonstration Convention in San Angelo in August. The delegates were Mrs. B. F. McGee, Mrs. H. L. Dycus of Rotan and Mrs. T. H. Boyd of McCaulley Club.

We were happy that 5 Longworth club ladies visited us. They were Mmes. B. F. McGee, Bill Lee, Russell Browning, Henry Guelker, and Richard Shedd. Other visitors were Mrs. J. S. Potts and Mrs. Louis Boyd. Our own members present were Mmes. Frank Kemp, Ted Abbott and T. H. Boyd.

Club adjourned to meet with Mrs. Frank Kemp, September 21 at 3. Program will be "Recitation for the Sick" by Mrs. Ted Abbott.

Mr. and Mrs. Frank Kemp and James went to a wedding in Galveston last week. Frank Kemp's nephew, Russell Crance Jr. married Faye Hodges. While in that part of the state they went on over to Houston to visit Mr. and Mrs. Charlie Winn, Mrs. Kemp's niece. They returned home Sunday.

James Ward and Dub Bryant of Odessa visited the Frank Kemps this week. They were also visited by Mr. and Mrs. Cap Kemp.

Mrs. Bill Kean has gone to Amarillo to visit her daughter, Sara, Mr. and Mrs. Christi. She plans to return second week of October.

Son of Mr. and Mrs. J. S. Potts, Donnie, married Lynda Johnson of Rotan Saturday night and the reception was held at Mrs. Garlands, Donnie

REMOVE WARTS!

Amazing Compound Dissolves Common Warts Away Without Cutting or Burning Doctors warn picking or scratching at warts may cause bleeding, spreading. Now amazing Compound W* penetrates into warts, destroys their cells, actually melts warts away without cutting or burning. Painless, colorless Compound W, used as directed, removes common warts safely, effectively, leaves no ugly scars.

is employed at Midwest Electric in Roby. They plan to live in Rotan.

Mrs. Emmitt Hicks visited the Rotan Rest Home yesterday.

Mr. and Mrs. Bobby Yates of McCaulley are the proud parents of a baby boy born last Thursday. He weighed in at 6 lbs and 13 oz. and accepted the name of Mark. The Yates have another son, Russell age 2. Mrs. Yates parents are Mr. and Mrs. Frank Allen of McCaulley.

The McCaulley Baptist W. M. S. met Monday for our all day meeting for "The week of Prayer" program. Mrs. Claude Crowley, program chairman, was in charge of the program. Twelve members were present. They are as follows, Mmes. Claude Crowley, Grady Cook, J. S. Potts, Pete Steele, Hallie McFattir, Louis Bailey, G. W. Joplin, O. D. Watson, Mrs. Stephenson, Allie Rector, Ruby Hennington and T. H. Boyd.

McCaulley school got off to a good start this week and have one new teacher, Mrs. Joe Hopkins, a PE major on the faculty. We now have eleven teachers here.

The Hicks reunion was held last week at Buffalo Gap.

Mr. and Mrs. Mickey Potts of Abilene, son of Mr. and Mrs. J. S. Potts are moving to Oklahoma City where he will work for Western Union. The Potts were also visited today by their daughter, Mrs. Jerry Martin of Anson.

Mrs. Bertha Davison has gone to Long Beach, California to visit her daughter Jewell Davison.

Mrs. Robert Lytle, Scarlett, Garland, Buddie and Belvin visited the T. H. Boyds and their daughter Saturday. They returned home to Chillicothe late Saturday night.

Ted Masser of Fort Dodge, Iowa, returned to McCaulley today. He spent a few days with his grandparents, Mr. and Mrs. Ted Abbott before returning to school.

Mr. and Mrs. Don Rowland of Austin were home over the weekend. Mrs. Rowland is the daughter of Mr. and Mrs. Luther Maberry.

Mr. and Mrs. Ray Maberry spent the weekend in Seminole visiting relatives.

McCaulley dismissed classes Tuesday, September 12, and most of the students attended the West Texas Fair.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.— Hurricane Carla had its impact on the State Capitol. But not like it did on the Coast.

Refugees camped on the Capitol grounds the first night of the storm. They were moved into public buildings as the rains reached Austin. Several giant trees on the Capitol grounds were blown down, and the Board of Control estimated damage of \$5,000 to Capitol grounds and buildings.

State officials were busy, too. Gov. Price Daniel's on-the-scene inspections led to several coastal counties being declared disaster areas. Thus they became eligible for Federal aid.

State Insurance Chairman Thomas Ferguson announced that several hundred insurance adjusters had moved into the coastal area to begin estimating damages to insured properties.

So far no one had any estimate of the total damage Carla did to Texas.

One sure thing is that insurance companies, which have taken in about \$15,000,000 in premiums this year for wind-storm and rain damage in the seacoast territory, will have substantial losses to pay above their income from this source.

MORE SALES TAX RULINGS—Comptroller Robert S. Calvert is still issuing rulings on how the new state sales tax applies to specific sales situations.

He has changed his mind for the first time. It's on the subject of **repairmen**.

New ruling declares that the repairman is the consumer of the tangible personal property which goes into a repair job, unless he has a contract under which he is to bill the customer separately for the labor or materials. In that case, he can collect the sales tax from the customer on the materials only. But if the repair contract is for a lump sum price, the repairman must pay the 2% sales tax on the supplies and materials at his cost.

These and other complications of the huge new tax law led to two proposals for changes.

Atty. Gen. Will Wilson recommended that it be changed

to an across-the board 2% tax with no exemptions.

State AFL-CIO Pres. H. S. Brown called for complete repeal of the sales tax, and substitution of an income tax which he said "you pay just once a year, instead of 15 times a day."

WHAT A FARM TRAILER?—The new revision of the law which used to exempt farm trailers from license fees has lots of people in a swivet. The law was revised twice during the spring sessions of the Legislature. Governor Daniel vetoed the first bill by Rep. Grainger McIlhany of Wheeler, so it was passed again in modified form.

It now requires larger farm trailers to have "exemption tags" which cost \$5. It also requires owners of oil-well servicing and drilling equipment to have license plates if they are to be moved over the highways.

Oilfield servicing companies brought suit to set aside this interpretation of the law. License plates, based on weight, would be staggering, they claim as they maintain that the legislature did not mean to tax them when it wrote in an exemption for the water well drillers.

Rural legislators report some farmers aren't happy about having to pay \$5 to be exempt.

CLUB TAX REVENUE EASY—Another new act of the Legislature which took effect Sept. 1 levied a tax and license requirements on the "private clubs" where mixed drinks are served.

Texas Liquor Control Board had little idea how many such clubs there are, and how many members they had. In the first two weeks, the license-fee receipts at the Liquor Board came to \$420,000, and returns are still coming in.

This would indicate a private-club membership of about 210,000, since the tax is approximately \$2 per member per year. Clubs operated by veterans organizations and fraternal organizations are exempt from the tax and license requirements.

The new law was pushed by the hotel and restaurant people, who wanted to get the private clubs legalized and out of the no-man's land where they have been operating for several years. Regulations require them to have food available to serve their members and guests in order to be eligible for a license.

MORE ELECTIONS—Spec-

ial elections will have to be held in Bexar, Grayson-Cooke, Galveston and Potter Counties to fill House vacancies before Governor Daniel can bring the Legislature back into the special session he plans for it this fall. If he sets the special session for late October or early November, as many think he will, the elections will have to be called soon, to have the new makers ready to go to work when the session opens.

Major item for the special session is the enactment of legislation to license lenders and regulate interest rates.

House passed a bill during the regular session in the spring to set up tight regulation with fairly high interest charges. But the Senate could not agree. So the bill died.

As the law now stands it is illegal to charge more than 10 per cent per year in interest. Courts have wiped out all the various subterfuges by which higher rates were being charged. So lenders, who contend they cannot get by on 10 per cent on small loans, are anxious to be legalized in some fashion.

NEW OIL POLICY-MAKER Lieut. Gov. Ben Ramsey became Railroad Commissioner Ben Ramsey in ceremonies Monday, and went right to work at the statewide oil production hearing held Tuesday.

Ramsey leaves behind a record that probably will never be broken — election to six terms as lieutenant governor.

Some earlier holders of that office had won as many as three terms, but there had been few of them.

Ramsey's salary goes up from \$4,800 a year and an apartment in the Capitol to \$17,500 a year, but he will have to pay his own rent.

Senator Bruce Reagan of Corpus Christi assumes the duties of lieutenant governor until the special session opens. Then the Senate will choose another senator to preside over its meetings. Choice lies between Senators Culp Krueger of El Campo, Charles Herring of Austin and Henry Gonzales of San Antonio. All three came to the Senate on the same day in 1957.

Senators Preston Smith of Lubbock, Crawford Martin of Hillsboro, Robert Baker of Center, A. M. Aikin Jr. of Paris, George Parkhouse of Dallas and Speaker James A. Turman of Gober are among the officeholders considered likely to run for lieutenant governor.

Don Yarborough of Houston who gave Ramsey his closest race for the office in 1960, is also expected to run.

Maury Maverick Jr. of San Antonio is another potential candidate.

STATE DOLLARS — The year-end report of Comptroller Calvert gives Texans an idea of how big their state government has become.

During the state fiscal year which ended Aug. 31, the state government took in \$1,210,107,

355 and spent \$1,192,569,099. Of the spending \$370,000,000 went for highways, \$468,000,000 for education, and \$188,000,000 for public welfare.

Those three big items total \$1,000,000,000, leaving less than \$90,000,000 for all other activities of state government, including the executive department, the courts, the legislature, safety, health, state mental hospitals and the correctional institutions.

The figure on state spending this year, mainly because of the increases in the school-aid program and the improvements in higher education. Biggest source of state money is Federal grants for highways education, welfare, game and fish, health and other programs. They add up to \$288,000,000 a year. The new retail sales tax will be the third biggest source of money this year. It is estimated to bring in about \$150,000,000, which will put it ahead of the oil production tax, the present third-place source of money at \$122,000,000 a year, but still behind the motor fuel tax, which brought in \$177,000,000.

FAIRVIEW NEWS--

By MRS. ELMER JOINER

(Because of the absence of the reporter, Mrs. Elmer Joiner, the Fairview News is very short. She and her husband accompanied his brother and sister to Norfolk, Virginia on a visiting spree. It looks as if they might get a first hand look at hurricane Esther. The last report was that the hurricane was headed in that direction. Nevertheless, some news has been turned in and is being placed in her column for her.)

A very important church council meeting will be held (Thursday) tonight at the home of Rev. and Mrs. Doyle Combs. All department heads and all church elected officers are urged to come at 7:30 for this planning meeting. Coffee and donuts will be served.

Good neighbors of Wise Chapel community plowed wheat land and sowed oats for Jack Grey, who has had a heart attack. There were thirteen tractors working. They were Mel Jones, George Wainscott, C. T. Drake, Raleigh Bond, Wayne Hodnett, John Turner, Raymond Sipes, J. C. Riddle, Jack Vaughan, Joe Murff, Earl Abernathy, W. C. Eoff, Bo Perry, and Edd Rodgers.

Church attendance was down Sunday at Fairview Baptist Church. Promotion Day is scheduled for October 1. Everyone is urged to be present for the event.

Regular meeting of Jones County Association will be at Hawley Baptist Church on next Tuesday night (Sept. 26)

Board members are to be present at 5:00 and program convenes at 6:45.

Disaster Relief Day will be held at Fairview Baptist Church this coming Sunday, September 24, announces the pastor, Rev. Doyle Combs.

Everyone is urged to bring any good clothing, labeled and boxed to be sent through the Baptist Denomination to this stricken area. A love offering will also be taken at both services for the same cause. Give as you can through this church with your clothes and money.

Mr. and Mrs. Flavel Holmes attended the funeral of his sister, Mrs. Vaudine Guess of El Paso which was held in the Calvary Baptist Church in Clovis, New Mexico. A former resident of Aspermont, Mrs. Guess was also the sister of Larry Holmes of Hamlin. Also attending from Hamlin were Mr. and Mrs. Jack Wright.

Statistics show that the general run of pedestrians is a little too slow.

Welcome
the
saddle
stitch

fashion's newest darling!
And it's seen
to striking advantage in
wool yarn on this
wool jersey bibone
cardigan suit! More
stitching, on the
diagonal, brings great
visual interest to the
contrast-colored
jersey skimmer
cut-over.
Black,
white, sage,
or orange
suit, with
white stitch
overlaid.
Sizes 4 to 12.
